

## **REASONING QUIZ**

**Directions (1–5):** Read the following information carefully and answers the questions given below.

**Eight friends J, K, L, M, N, O, P and Q like different drinks – Juice, Cold drink, Tea, Coffee, Shake, Milk, Water and Zalta. All of them are seated around a square table (two on each side) facing the centre. No one sits at corner.**

**L sits third to the right of K. K likes Tea. P is sitting second to the left of O. O is not an immediate neighbour of L and K. The one who likes Juice is an immediate neighbour of O. Three people sit between K and the person who likes Milk. K, L and also their immediate neighbours do not like Coffee. Only one person sits between the person who likes Coffee and M, when counted in clockwise from M. The persons who like Shake and Zalta are immediate neighbour of each other. L likes neither Zalta nor Shake. Only one person sits between J and the person who likes Cold drink when counted in anticlockwise direction from J. J does not like Coffee and Shake. N does not like Coffee. L and P do not sit on the same side of the table.**

**Q1. Which of the following is true regarding P?**

- (a) P likes the Cold drink
- (b) Q and M are immediate neighbours of P
- (c) One person sits between P and the person who likes Zalta.
- (d) P sits second to the right of J
- (e) None of these

**Q2. Who amongst the following likes Shake?**

- (a) L
- (b) P
- (c) M
- (d) N
- (e) Cannot be determined.

**Q3. How many persons sit between Q and the person who likes Zalta, when counted from the clockwise direction of the person who likes Zalta?**

- (a) None
- (b) One
- (c) Two
- (d) Three
- (e) Four

**Q4. Which of the following is true?**

- (a) Only one person is sitting between the person who likes Zalta and Water.
- (b) Q likes Coffee.
- (c) The person who likes Shake is an immediate neighbour of K.
- (d) One person sits between K and the person who likes Coffee.
- (e) None is true

**Q5. Who amongst the following represent immediate neighbours of M?**

- (a) J, N
- (b) O and the person who likes Coffee
- (c) K and the person who likes Water
- (d) O, P
- (e) J, Q

**Directions (6-10): A word and number arrangement machine when given an input line of words and numbers rearranges them following a particular rule in each step. The following is an illustration of input and rearrangement.**

Input: safe 63 big 51 88 69 danger look 81 real

Step I: big safe 63 51 69 danger look 81 real 88

Step II: danger big safe 63 51 69 look real 88 81

Step III: look danger big safe 63 51 real 88 81 69

Step IV: real look danger big safe 51 88 81 69 63

Step V: safe real look danger big 88 81 69 63 51

And step V is the last step of the arrangement. As per the above rule followed in the above steps, find out in each of the following questions the appropriate step for the input given below;

Input: 41 do practice 21 49 more can little 29 aries 53 44

**Q6. How many steps would be needed to complete the arrangement?**

- (a) IV
- (b) V
- (c) VI
- (d) VII
- (e) None of these

**Q7. Which Step number would be the following output?**

little do can aries practice 21 more 29 53 49 44 41

- (a) III
- (b) II
- (c) VII
- (d) IV
- (e) There will be no such step

**Q8. Which of the following would be the step I?**

- (a) aries 41 do can practice 21 more little 49 29 53 44
- (b) aries can 21 practice do 41 more little 29 53 44 49
- (c) aries 41 do practice 21 44 more can little 49 53 29
- (d) aries 41 do practice 44 21 can more little 29 49 53
- (e) None of these

**Q9. In step V, which of the following word/number would be on the 6th position (from the right)?**

- (a) 44
- (b) 21
- (c) 49
- (d) practice
- (e) aries

**Q10. Which of the following would be the final arrangement?**

- (a) practice more little do can aries 53 44 49 41 29 21

- (b) practice more little do can aries 53 21 44 41 29 49
- (c) practice more little do can aries 53 49 44 21 29 41
- (d) practice more little do can aries 53 49 44 41 29 21
- (e) None of these

**Directions (11-15):** In the given questions, assuming the given statements to be true, find which of the given three conclusions numbered I, II and III is/are definitely true and give your answer accordingly.

**(11-12) Statements:**  $T \geq Q < R = P, N \leq R, L \geq S = N$

**Q11. Conclusions:** I.  $T \geq N$       II.  $R \geq S$       III.  $L \geq R$

- (a) Only I is true
- (b) Only II is true
- (c) Only I and II are true
- (d) Only II and III are true
- (e) None is true

**Q12. Conclusions:** I.  $R > L$       II.  $L > P$       III.  $N \leq Q$

- (a) Only I and III are true
- (b) Only II is true
- (c) Only III is true
- (d) Only I and II are true
- (e) None is true

**Q13. Statements:**  $D = C \geq V > K \geq M, W \geq E = G > M$

**Conclusions:** I.  $D > M$       II.  $M < W$       III.  $C \geq E$

- (a) Only I and III are true
- (b) Only II is true
- (c) Only III is true
- (d) Only I and II are true
- (e) None is true

**Q14. Statements:**  $S \leq N \leq P = T > R, Q > V \geq W = K > P$

**Conclusions:** I.  $S < K$       II.  $Q > W$       III.  $W \geq P$

- (a) Only I is true
- (b) Only I and II are true
- (c) Only II is true
- (d) All I, II and III are true

(e) None is true

**Q15. Statements:  $S \leq N \leq P = T > R, Q > V \geq W = K > P$**

**Conclusions: I.  $K > R$  II.  $T \leq V$  III.  $W > R$**

- (a) Only I and II are true
- (b) Only III is true
- (c) Only I and III are true
- (d) Only II and III are true
- (e) None of these is true

**ANSWERS**

- 1. E
- 2. D
- 3. D
- 4. B
- 5. C
- 6. C
- 7. D
- 8. E
- 9. B
- 10. D
- 11. B
- 12. E
- 13. D
- 14. B

15. C
